Republican National Committeemen Meet Tomorrow Afternoon at Chicago

Hearing of Contests Will Start Friday Morning--Roosevelters Plan to Bolt if Not in Majority--Colonel Is Determined to Renew Fight on Root for Temporary Chair--McKinley and Dixon Arrive.

CHICAGO, June 5.—Representative William B. McKinley and Senator Dixon arrived here this morning. The Rooseveltians are issuing bitter statements and insist they have a big majority of the uninstructed delegates. Considerable talk of a bolt of the Roosevelt delegation still prevails in case the Taftites are in the majority when the national committeemen meet tomorrow. The Taft followers ridicule the claim of the Rooseveltians that they have the strongest delegation. The national committee meets tomorrow afternoon at 2 o'clock in the Auditorium. When the first roll is called the newly elected committeemen will present credentials and are expected to precipitate in an initial contest daily rejecting the newly elected members, the latter may get out a mandamus. The hearing of contests will begin Friday morning. Thousands of reporters are present. At the convention headquarters it seems certain that the Taft representatives will be seated in every case except those from Texas and Washington.

CHICAGO, June 5.—Theodore Roosevelt's determination to renew the fight on Senator Root for temporary chairman and to bend every effort to his defeat when the republican national convention is opened June 18th, caused general unrest today among the republican leaders and national committeemen who al-

ready have arrived for the pre-convention work. It was apparent that the Roosevelt leaders in the west had expected no fight against Senator Root's appointment, but Alexander H. Revell and Edward Sims declared themselves in accord with Colonel Roosevelt. Victor Rosewater of Omaha, acting chairman of national committee, said the action of the sub-committee on arrangements in picking Senator Root was final, unless some member of the national committee demanded that it be reviewed by the full committee. It is said an active Roosevelt man on the national committee may bring up for review the appointment of Root, but the committee, it is believed, will sustain Chairman New and his sub-committee, throwing the fight on the floor of the convention. Open hearings of the contest cases which are to be taken up by the national committee Friday is apparently assured. Acting Chairman Rosewater is highly favorable to such action, since President Taft and Colonel Roosevelt have both asked it. Mr. Rosewater said the committee undoubtedly would reach its decision on each contest behind closed doors after the arguments had been made. Up to today, contests in 230 cases have been announced and more are expected.

THREE JURORS PASSED IN THE MIRKOVICH CASE

JOHN MURRAY
M. F. KELLY
J. L. GAUT
R. C. MAYES
NELS NELSON

The above named jurors were in the box for the Mirkovich trial when the recess was taken at noon today. The first three have been passed subject to the peremptories of the attorneys. Attorney George Thatcher who was appointed by the court to represent the defendant, did not return from Reno today and Attorney Patsy Bowler continued to secure the jury in his absence. During the examination of Juror R. C. Mayer, the attorneys clashed in a wordy war as to the eligibility of the juror. In all probability he will be excused. The prisoner, Mirkovich, sits near his counsel daily and smiles, when a witty remark is made by the attorneys, although it is said he does not "apprehend" the English language. In all, 23 names of the trial jurors on the venire had been called when the noon adjournment was taken. At the rate the jury is being selected it will take two or three more days.

ORDERS OFFICERS TO GIVE OLESON A NEW TRIAL

WASHINGTON, D. C., June 5.—President Taft and Attorney General Wickersham today ordered the federal officers of Seattle to grant a new trial to Leonard Olsson of Tacoma, Wash., whose citizenship was cancelled by Judge Hanford.

WASHINGTON, D. C., June 5.—Congressman Berger tomorrow presents to the House an impeachment for the indictment of Judge Hanford.

SOCIALIST AND CATHOLIC DISORDER STILL CONTINUES

BRUSSELS, June 5.—A general disorder of the Socialists and Catholic clash continued at Liege, Antwerp, Ghent and Verviers continues today. The government discredits the stories of wholesale loss of life. It was asserted that three or four were slain and twenty hurt. It is calm here.

NEWSPAPER TALK OF LABOR TROUBLES IN TONOPAH NOTHING MORE THAN IDLE RUMOR

In last Thursday's Goldfield Tribune there appeared an article on the miners' strike at Blair, where the members of the Western Federation of Miners and millmen quit work on the first of June owing to a reduction of wages. One paragraph of the article was as follows: "There have been disquieting rumors for some time of an impending strike of miners in the Tonopah district but it is hoped that a tie-up may be averted, although there is said to be good ground for the assertion that wages are to be cut in the silver camp. Rumors have also been going the rounds that members of the I. W. W. are in the mining camps for the purpose of fomenting discontent among the miners." Why the Tribune printed the above statement without going to the trouble of ascertaining the truth of the rumor is wondered at by all of the members of the local union, and also the Mine Owners' association of this district. There is not a word of truth in the paragraph printed by the Tribune, and that paper has been severely censured by the people of Tonopah in its effort to create discord and dissension between the miners and the mine owners. It is said the article printed in the Tribune was for the purpose of knocking the Tonopah stock market and the Tribune article almost succeeded in doing the trick. There has not been any discussion of a labor trouble in Tonopah. The miners and millmen employed in this city are satisfied with the wages received and the Mine Owners' association is perfectly satisfied with the labor performed by each employee for the pay he receives. Everything is moving along nicely in Tonopah and everybody is happy and contented to let well enough alone and pays no attention to outside idle rumors. The Tribune will have to try some other town than Tonopah to work up labor trouble. Try Goldfield.

LABORERS STRIKE TWO KILLED AND MANY WOUNDED

NEWARK, June 5.—A boy 13 years old, and Mrs. Felemino Iauria were fatally shot and five men badly hurt in a riot here this morning over the recent Lackawanna railroad cut in wages. A battle was in progress thereafter between the police reserves and 200 striking laborers. Wisconsin is to spend \$1,350,000 on highway improvements in 1912. More than 500 men are to be benefited by the expenditures, and 445 miles of stone gravel shale and dirt roads will be constructed, and 144 bridges built.

WELL KNOWN COUPLE PLIGHT THEIR TROTH

One of the most elaborate weddings ever held in this city took place at high noon today at St. Marks Episcopal church, when Mr. James Parke Montague led Miss Lillian Adelaide Wittenberg, daughter of Mrs. Matilda Wittenberg, to the altar. The church was filled with relatives and friends of the contracting parties who had been invited to witness the ceremony, which was conducted by the Rev. George Gallup. Mrs. John G. Kirchen was maid of honor, and Mr. Thomas Landsborough acted as best man. Mrs. Kirchen wore a gown of white satin with an overtrimming of white lace. The bride looked most charming in a Chamoise satin wedding gown, that was hand-trimmed with white chiffon and held Irish lace with bagle fringe. The bride veil was caught up with orange blossoms and rare lace that was worn by her mother at her wedding. The bride carried a prayer book on which was inscribed the initials of both the bride and groom.

REBELLION PASSES CONTROL OF PRESIDENT GOMEZ IN CUBA

American Marines Landed at Guantamo--Taft Despatches Four Battleships to Scene of Uprising--Six Negroes Shot and Killed Who attempt Escape.

HAVANA, June 5.—The federalists shot and killed six negroes here this morning who were attempting to escape following the wholesale arrests at Pinar, Del Rio province. The Santiago Chamber of Commerce voted at last night's meeting to ask for the intervention of America. Landed 450 marines at Guantanamo to guard the American interests nearby. Consul reports from Cuba indicate that the rebellion is passing beyond the control of President Gomez. The transport Paducah will probably land marines at Santiago this afternoon. President Taft decided to rush four battleships from Key West to Guantanamo today. Secretary Knox said this was merely a precautionary move.

ATTORNEYS IN DARROW CASE FINED BY JUDGE FOR CONTEMPT

Offer Cancelled Check of \$10,000 Drawn In Favor of Darrow By Morrison--Darrow and Fredericks Have Wordy Battle.

LOS ANGELES, June 5.—A personal clash occurred between Darrow and Fredericks this morning when Darrow admitted that he had received \$200,000 of the McNamara defense money from Frank Morrison. Fredericks said: "You would not admit it if you thought we could not prove it." Darrow jumped to his feet, saying: "I object to the remark which was intended to influence the jury." Fredericks retorted, "I thought the defendant was man enough and had stamina enough to have a little personal conversation without howling it out to the court." At this stage of the proceedings Attorney Appel for the defense shook his fist under Fredericks' nose. Judge Hutton called the attorneys to order and warned them as to future battles. LOS ANGELES, June 5.—District Attorney Fredericks offered in evidence the cancelled check for \$10,000 drawn by Morrison in favor of Clarence Darrow. It was shown that Darrow had indorsed the check and that Tveitnes cashed the check at a bank in San Francisco. Attorney Ford then stated that the prosecution would trace this to Franklin. Judge Hutton at the close of court this afternoon fined both Fredericks and Appel \$5 each for contempt of court. He roasted both attorneys.

DEATH OF SENATOR NIXON NOW HOURLY EXPECTED

Physicians Issue Bulletin That Nevada Senator Cannot Live Through the Day--Wife and Son Are Summoned to Bedside and Speeding to the Capitol.

WASHINGTON, D. C., June 5.—Physicians issued a statement this morning that Senator George S. Nixon, of Nevada, would not survive the day. Although his absence from the senate since that time was noted, no word was given out as to the cause, and the senators received their first intimation yesterday morning when the prayer was delivered by the chaplain. According to a physician who has made a deep study into this type of disease, the spinal affliction came as a result of disturbing the nerve centers in the vicinity of the growth which was removed from the upper nostrils. The meningitis is of a different nature from that which is occasioned by the germ, but is nevertheless of equally dangerous character. WASHINGTON, D. C., June 5.—(3:20 p. m.)—The condition of Senator George S. Nixon remains the same as was reported this morning. No hopes are entertained for his recovery. many and among them was a chest of silverware presented by the Tonopah Extension Mining company employees. Mrs. Montague was one of Tonopah's most popular belles. Mr. Montague is the superintendent of the Tonopah Extension mill and has a host of friends. Mr. and Mrs. Montague will leave tomorrow morning for Chicago on their honeymoon trip, and will be at home to friends upon their return after July 15. The Bonanza joins with their numerous friends in wishing Mr. and Mrs. Montague a long life of happiness and prosperity. Robert for the Bonanza.

MINERS IN MIDWAY MINE OVERCOME BY THE GAS

William Denny Is Brought to Surface By Fellow Workers In an Unconscious Condition--Ed. Erickson Sustains Severe Injury on Cheek By Fall.

Considerable excitement was caused in Tonopah this morning when the report was issued that several miners employed at the Midway mine had been overcome with gas in the underground workings and that a rescue party was making efforts to bring the unfortunate men to the surface. A Bonanza representative visited the workings and was present when the men came to the top, and listened to the story of Assistant Superintendent Ed Erickson, who was injured while assisting in the rescue work. Mr. Erickson said, as follows: "At 7 o'clock this morning William Denny, Dave Bell, Frank Damon and myself were lowered to the 550-foot level to install some new air pipe in the winze that is being sunk from the northwest crosscut. On arriving at the winze Denny and myself descended to the bottom of the winze and found that the gas was pretty strong, although the last round of holes was fired this morning at 2 o'clock. Denny was soon overcome by the gas and is trying to assist him to the top of the winze, I also began to feel the effects and called to the men working above for help. Dave Bell and Jack Boles who were working near, responded and we succeeded in getting Denny tied to the rope. The last I remember was when I was turning the windlass, I became faint and fell to the floor of the crosscut. After coming to I started to the station in the dark and several times fell against the walls of the drift. At the station I met several of the boys who were starting back to carry me to safety. Denny was taken to the surface and with the aid of the restorative instruments, that had been telephoned for and arrived from the Tonopah Mining company in charge of W. H. Blackburn, was soon in a conscious state, after which he was taken to his home on Valley View street. Mr. Erickson received an ugly gash on his left cheek that required several stitches to close. Mr. Erickson, as well as the other gentlemen who assisted in rescuing Denny, deserve great credit for the courageous predicament.

TEDDY'S WIFE BEING USED TO ADVERTISE HIM

NEW YORK, June 5.—It will surprise some women readers who pay \$50 for corsets to know that Mrs. Theodore Roosevelt went into a store the other day and asked to buy a corset. The clerk brought out a very pretty corset marked \$15. "The idea" and Mrs. Roosevelt laughed. "I never paid that much for a corset in my life. I might be induced to pay \$10 if I liked it very much, but if you have one for \$1 I think it will suit me."

MINERS' UNION HOLDS ELECTION OF OFFICERS

The semi-annual election of officers of the Tonopah Miners' Union No. 121, W. F. M., was held yesterday at Miners' Union hall. The following officers were elected for the ensuing term: president and walk-
